Sattur, TamilNadu,
India - 626201

Education

NATIONAL ENGINEERING COLLEGE,KOVILPATTI(PURSUING)

Bachelor of Technology in AI&DS
Year : 2023 - 2027
CGPA:7.96

SHN Edward Higher Secondary School ,Sattur

Year : 2022 - 2023
HSLC Percentage: 69.16 %

Area of Interest

- Data Science
- Machine Learning

Language

- Tamil
- English

Profile

Passionate and self-motivated AI & DS student with hands-on experience in Machine Learning, Computer Vision, and IoT-based applications. Proficient in developing AI-powered solutions using Python, OpenCV, and Streamlit. Strong analytical, problem-solving, teamwork, and communication skills with a passion for real-world innovation.

Internship

- Worked as an AI Developer Intern at Hostwire Systems, where I worked on a Python-based Product Review Intelligence system that collects product-related discussions from public sources and uses Machine Learning and NLP to understand user opinions, identify common feedback and complaints, filter irrelevant content, and generate meaningful product insights.

Projects

- Engineered Safe-Drive AI, an intelligent Driver Drowsiness Detection System powered by OpenCV, Python, and IoT for continuous monitoring and driver safety alerts.
- Developed JARVIS, an Android-based intelligent voice assistant using native Android technologies for voice-controlled application access, calling, messaging, contact management, and hands-free device interaction.

Technical Skills

- Python, Java, SQL
- OpenCV & Computer Vision
- REST API Development
- Git & GitHub

Certifications

- Database Management System Part-1 – Infosys Springboard

Participation & Acheivement

1. Achieved Runner-Up position for presenting a Virtual AI Voice Assistant for PC automation.
2. Participated in a national-level Hackathon at Government Engineering College, Erode.
3. Showcased an AI-powered Driver Monitoring System at Sri Sairam Engineering College, Chennai.
